

Town of Clarke's Beach

Expression of Interest (EOI) – Garbage Collection, Recycling, and Bulk Cleanup Services

The Town of Clarke's Beach invites Expressions of Interest from qualified contractors for the provision of **residential garbage collection, recycling services, and annual bulk cleanup** within the municipal boundaries.

Community Profile:

- Population: ~1,400 residents
- Households: Approximately 700

Scope of Work:

1. Garbage Collection

- Weekly curbside collection of household waste from all residences.
- All collected waste must be transported and disposed of at **Robin Hood Bay Waste Management Facility** in St. John's.

2. Recycling Collection

- Bi-weekly curbside collection of recyclables in accordance with the Town's recycling program.
- Contractor to ensure recyclables are delivered to the designated recycling facility.

3. Bulk Cleanup

- Minimum of **one (1) annual bulk cleanup** for all households, scheduled in coordination with the Town.
- Bulk items to be disposed of at an approved facility.

Contractor Requirements:

- Proof of valid business license and insurance coverage.
- WorkplaceNL clearance certificate.
- Adequate vehicles and equipment meeting provincial safety standards.
- Experience in municipal waste and recycling collection.
- Proposed operational plan, including staffing, equipment, and collection schedule.

Submission Details:

EOIs must include:

- Company profile and relevant experience.
- Proposed pricing structure (collection, disposal, and bulk cleanup).

Deadline for Submission:

12 Noon April 27, 2026

Submission Method:

EOIs must be submitted in an envelope clearly marked “*EOI – Garbage Collection, Recycling & Bulk Cleanup Services*” to:

Town of Clarke’s Beach

P.O. Box 159

Clarke’s Beach, NL A0A 1W0

Or to email joanwilcox@nf.aibn.com or by fax to 709-786-4065

Note: This EOI is for information-gathering purposes only and does not constitute a tender or request for proposal. The Town reserves the right to issue a formal tender following review of submissions.
