All Communities in Eastern Newfoundland

In light of the COVID-19 pandemic and the return to Alert Level 5, the Eastern Regional Service Board is taking measures to proactively help prevent the spread of the virus. The ERSB will be enacting solutions for our contractors to increase social distancing.

All recycling in the Eastern Region will be suspended for two weeks.

The provision of services will be reviewed in two weeks. Bulk waste collection is scheduled to begin in March but will be evaluated as conditions change. This difficult decision has been made to ensure weekly garbage collection is maintained, to help protect our contractors, and to help ensure proper social distancing requirements are met.

The ERSB will continue to support all communities under our jurisdiction so we can continue to establish a waste management system that is affordable and that provides a tremendous service to all our communities.

Kindest regards,
Harold Mullaney, B.Sc., B.Ed., M.P.H.
Chairperson
Eastern Regional Service Board
